## Suppliers guide to sourcing

This guide describes how to access a sourcing event hosted on Coupa and how to submit the information requested by the Buyer.

The fields and settings may differ between events depending on the scope. If something is not clear, please use the Messaging center at the bottom left on the platform to post a question to the Event team.

You will receive an invitation to the sourcing event through an email from Coupa Sourcing. Click **View Event** in the email to access the event. Access using login credentials is described in a later section.

If the event has not yet started, you will be taken to a page with a countdown timer indicating the time to opening. You will not get any notification when the event opens. The Event organizer may send a reminder email.

## Suppliers guide to sourcing

When the event is open, clicking View Event in the invitation mail will bring you to the Event Info page in the event. Bookmark the page and/or save the invitation email so you can get back to the event for updates if needed.

The setup may differ between events, so all sections and fields described below may not be shown in all events.

The countdown timer at the top right shows the time to closing, or to the opening of an auction step, if the event setup is an RFX – auction.

If you have not indicated your intent to participate, you have a new chance here to let the Buyer know you are interested. A green receipt will be shown at the top of the page to confirm successful submission.

You have to accept all Terms and Conditions to gain access to the event details. If you are not able to accept one or more of the conditions, click 'No' and give a brief explanation in the mandatory comment field to help the Buyer understand your choice. Click Send to Event Owner to submit. Should you change your mind, you may change your 'No' into a 'Yes' and re-submit. Note that acceptance is binding, i.e. it is not possible to change a 'Yes' into a 'No' once it is submitted.

The screenshot shows a web form titled "Accept Terms and Conditions" with a yellow flag icon. The form is divided into two main sections. On the left, under "Terms and Conditions", there is a link to "https://sherwin-test.coupahost.com/". On the right, under "Do you accept these Terms and Conditions?", there are two radio button options: "Yes" (unselected) and "No" (selected). Below these options is a "Rejection Comment" field with a red asterisk, containing the placeholder text "Provide a comment". At the bottom right of the form, there is a blue button labeled "Send to Event Owner".

Questionnaires are sometimes used to collect additional information that the Buyer needs for the award decision. There can be several questionnaires in an event, use the Hide/Expand arrows in the right margin to facilitate overview. Submit your answers by clicking Save at the bottom right of each of the questionnaires.

The screenshot shows a web-based questionnaire interface. At the top, there is a 'Forms' header with a 'Hide/expand section' button. Below this, there are two main sections: '1. General capabilities' and '2. Quality Management Assessment'. The 'Quality Management Assessment' section is expanded and contains the following elements:

- A prompt: 'Please answer the questions below.'
- A radio button question: 'Do you have a Quality System implemented?' with 'Yes' selected and 'No' unselected. A callout indicates 'Mandatory questions are marked by red asterisk'.
- A text input field with the prompt: 'Which one(s)? Please describe if not one of the major standards.' A callout indicates 'Conditional questions are marked by fading green'.
- A file upload area with the prompt: 'Please submit a copy of your certification(s), if any.' and a 'Choose File' button showing 'No file chosen'. A callout points to the 'Save' button, stating 'Submit answers by clicking Save'.
- A 'Save' button at the bottom right.

## Suppliers guide to sourcing – English Auction

During competitive bidding of an English auction type you will get feedback on your prices. The Attachments and Forms sections are still available, although at the bottom of the page, and may be updated as well.

You will see feedback on your pricing expressed as a rank or as a difference to best bid, depending on the Buyer's choice. All items in a lot are ranked together but may be awarded individually if the Buyer has allowed that, see the Bidding rules section in the Event Info page. Items not included in lots are ranked separately. The total cost is also ranked.

## Suppliers guide to sourcing – Dutch Auction

If the competitive bidding phase is set as a Dutch auction, the Items and Lots section will look and behave a bit different from that in an English auction. You may be asked to enter prices before the auction opens, but these prices are replaced by the start prices set by the Buyer for the actual auction.

As soon as the Dutch auction opens, the countdown timer at the top right corner starts ticking. The tick interval is shown in the Event Information & Bidding Rules section in the Event Info page. The start prices shown in the Items and Lots section will increase with every tick. If you wish to accept the call-out prices, click the Accept bid button to the lower right. As soon as you have confirmed your response, the auction ends and you are marked as the winner.

Note that your bid is for the total cost, i.e. all items are awarded together, irrespective of in a lot or not.
